When, because of the size or nature of the lading, it is necessary to utilize the services of a rigger, such service must be provided by the shipper, consignee or owner of the goods. If requested by shipper, consignee or owner, carrier will, as agent for them and at their expense, arrange for such rigging service, if available, but carrier assumes no responsibility for the activities or conduct of third persons, amount of their charges nor the quality or quantity of service furnished.

Rule 31 **LIMITATION OF LIABILITY ON READY TO ASSEMBLE FURNITURE**
(Made from press board, particle board, engineered wood or ready to assemble)

- a. Ready to assemble furniture is defined as meaning furniture manufactured from pressboard, particle board, engineered wood or similar materials which is shipped from the manufacturer in the knocked down "KD" or knocked down flat "KDF" condition to be assembled by the retail store, reseller or end user. Most is not designed with the extra wood structural pieces to adequately brace the unit for movement out of or into a residence, nor the normal truck vibration, even in air-ride trailers. It is not constructed to withstand the normal stress of a move as an assembled unit. Assembly instructions frequently suggest that the connecting hardware pieces be glued in place. This does not significantly improve the structural integrity of the pieces, but does make disassembly impossible without creating substantial, un-repairable damage.
- b. When a shipper elects to ship an article as defined above, and notwithstanding the language contained in the 'Notice' below, in no case shall the liability of the carrier exceed thirty cents (\$0.30) per pound per article or fifty dollars (\$50.00) per article whichever is greater.
- c. Prior to the movement of a shipment of household goods/office furniture, the carrier shall give the shipper a notice containing the language outlined below and receive the original signed copy back.

NOTICE

**LIMITATION OF LIABILITY ON
PRESSBOARD, PARTICLE BOARD and/or
ENGINEERED WOOD FURNITURE**

Furniture manufactured from pressboard, particle board and/or engineered wood is designed to go into a box from the manufacturer to the retailer and then to the end user unassembled. It is not construed to withstand the normal stress of a move as an assembled unit. Most is not designed with the extra wood structural pieces to adequately brace the unit for movement out of or into a residence, nor the normal truck vibration even in air-ride trailers. Usually chips or dents are not repairable. Surface impressions can be made on the furniture when writing on a single piece of paper. Assembly instructions frequently suggest that the connecting hardware pieces be glued in place. This does not significantly improve the structural integrity of the pieces, but does make disassembly impossible without creating substantial, un-repairable damage.

Option 1 – I/we choose to disassemble all pressboard, particle board and/or engineered wood furniture prior to the move. I/we assume all responsibility for damage to the pressboard, particle board and/or engineered wood furniture, which may occur during the disassembly of the furniture.

Option 2 – I/we have engaged the services of another individual or company to disassemble all pressboard, particle board and/or engineered wood furniture prior to the move. I/we assume all responsibility for damage, which may occur to the pressboard, particle board and/or engineered wood furniture during the disassembly of the unit(s).

Option 3 – I/we am/are tendering furniture constructed of pressboard, particle board and/or engineered wood furniture fully assembled as part of our move. I/we understand that any claim for damage to the pressboard, particle board and/or engineered wood furniture may be denied due to inherent vice, based upon the fact that fully assembled pressboard, particle board and/or engineered wood furniture is inherently susceptible to damage as outlined above.

Shipper, owner or consignee must select Option 1, 2 or 3.

General Rules and Regulations

- a. This weight additive **WILL NOT APPLY** to boats, canoes, skiffs, light rowboats, kayaks or sailboats of less than fourteen (14) feet in length, nor on dinghies or sculls of any size.
- b. When shipment contains two (2) or more articles subject to the weight additive, the total weight additives for that shipment will be the sum of the individual additives for each bulky article calculated separately.
- c. In determining length for the purpose of this item, all fractions of foot will be disregarded.
- d. The length of boats, canoes, skiffs, light rowboats, kayaks or sailboats shall be determined by the straight center line distance between the top center point of the transom and a point perpendicular with the foremost part of the bow. Manufacturers "length overall" or center line length shall apply as the correct length for the purposes of this item in lieu of physical measurements by carrier.
- e. The length of boat trailers shall be the straight center line distance from a point equal to the rearmost part of the trailer to foremost part of the trailer tongue. Manufacturers "length overall" shall apply as the correct length for the purpose of this item in lieu of physical measurement by carrier.
- f. The bulky article charge of the weight additive **WILL APPLY** for the following items, tendered either whole or in disassembled or partially disassembled condition: automobiles, trucks, vans, dune buggies, all terrain and specialty motor vehicles, motorcycles, boats, canoes, skiffs, sailboats, boat trailers, tractors, riding mowers, snowmobiles, riding golf carts, trailers campers, airplanes and gliders.
- g. To determine the cubic feet of an article, measure the greatest height, width and depth.

Fractions of a foot will be disposed of as follows:

6 inches or more will be increased to a foot.

Less than 6 inches will be dropped.

EXAMPLE: Articles greatest measurements are 9 feet 2 inches by 3 feet 7 inches by 5 feet 9 inches. Multiply 9 feet times 4 feet, times 6 feet = 216 cubic feet.

EXCEPTION: This item **WILL NOT APPLY** when shipper orders Exclusive Use of Vehicle under Rule 5 or to Shipments on Tour under Rule 16.
